

Our Work

United Way fights for the health, education and financial stability for everyone in the Treasure Valley

We fight for the health of all by

- *Helping individuals and families create and sustain healthy habits*
- *Providing access to preventative medical and dental services for low-income individuals and families; and*
- *Ensuring access to appropriate behavioral health services and supports*

We fight for education of all children by

- *Ensuring that children enter school prepared to learn*
- *Supporting children inside and outside of school; and*
- *Preparing children and young adults for success after high school*

We fight for financial stability for all by

- *Providing access to job education and training that leads to asset development, financial literacy and livable wage jobs*
- *Improving access to housing programs in an effort to help families obtain and maintain affordable permanent housing*
