

Crush the Curve Idaho Opens Additional COVID-19 Test Site at the Boise Airport in Partnership with Central District Health & the State of Idaho

FOR IMMEDIATE RELEASE | Monday, December 7
Contact: Camille Blaylock | 208-284-8064

Through the end of 2020, Central District Health (District 4) and the State of Idaho are partnering with Crush the Curve to provide easy and accessible COVID-19 testing at **no charge** for individuals who have been exposed to COVID-19 and/or experiencing symptoms of COVID-19.

Information about the Community COVID-19 Testing Sites:

Location & Address:

Boise Airport Economy Parking Lot | 5600 W Victory Rd – Boise, Idaho 83709
**beginning Wednesday, December 9th*

Location & Address:

Ten Mile Crossing Development | 2775 W Navigator Dr – Meridian, Idaho 83642

FAQs:

How is there no charge?

- For individuals **WITH** insurance, the lab processing your test will bill your insurance provider. All co-pays are waived through the federal Families First Coronavirus Response Act. If for any reason your provider denies coverage, the State of Idaho will cover the cost of the test. **You will never receive a bill.**
- For individuals **WITHOUT** insurance, the federal Families First Coronavirus Act covers the cost of testing completely.

How do I make an appointment?

- Go to **CrushTheCurveIdaho.com** and take the assessment. The assessment will ask for insurance information – see under the “*how is there is no charge*” question. At the end of the assessment, you will be given a case number – bring that number with you to your appointment.

When can I expect results?

- You will receive an email with your results **24 - 36 hours** after your test arrives at the lab.

**This partnership and cost arrangement applies only to the testing sites listed above and is not applicable to all Crush the Curve testing sites around the state or our other medical testing partners.*
